

METAL FORMING EXPO

MACHINE TOOLS & CUTTING FAIR

8 9 10 Oct 2026

Indira Gandhi Pratishthan, Lucknow

Powering the Future of Manufacturing

Metal Forming Expo joins forces with the Machine Tools & Cutting Fair and India Die & Mould Show bringing the entire manufacturing ecosystem under one roof

Three Powerhouse Expos One Unified Manufacturing Platform

Metal Forming Expo (MFE) and Machine Tools & Cutting Fair (MTC Fair) and India Die & Mould Show to create a comprehensive platform that covers the entire spectrum of metal forming, machining, die moulding and precision engineering.

This showcase connects technology providers, manufacturers, and buyers across the full manufacturing value chain, from raw material processing to finished components.

Unique proposition

Complete manufacturing ecosystem:

From sheet metal forming, fabrication, and automation to CNC machining, cutting tools, moulding and precision engineering, experience end-to-end solutions under one roof.

Live technology in action:

Witness live machine demonstrations, product launches, and real-time applications that bring innovation to life.

High quality buyer engagement:

Meet OEMs, production heads, plant managers, and decision-makers actively sourcing new technologies and solutions.

Business driven results:

A proven platform where strong enquiries, partnerships, and on-floor deals translate into real business outcomes.

Show Highlights

225+
Exhibitors across both shows

7,000+
Trade Visitors from across India & overseas

1,000+
Technologies & Solutions on display

VIP Buyer Program
Trade Visitors from across India & overseas

Participation from multiple countries & industry sectors

Exhibitor Profile

Machinery & Equipment
Manufacturers

Cutting Tools & Tooling
Solutions

Automation & Smart
Manufacturing

Materials, Components
& Consumables

Quality Control &
Measurement

Industry & Institutional
Participants

Dies & Moulds (Injection,
Blow, Compression, Die
Casting)

Heat Treatment &
Finished Technologies

Industries Represented

- Automotive & Auto Components
- Aerospace & Defense
- Heavy Engineering & Capital Goods
- Electrical & Electronics
- Railways & Infrastructure
- Industrial Machinery & Fabrication
- Energy, Power & Process Industries

Visitor Profile

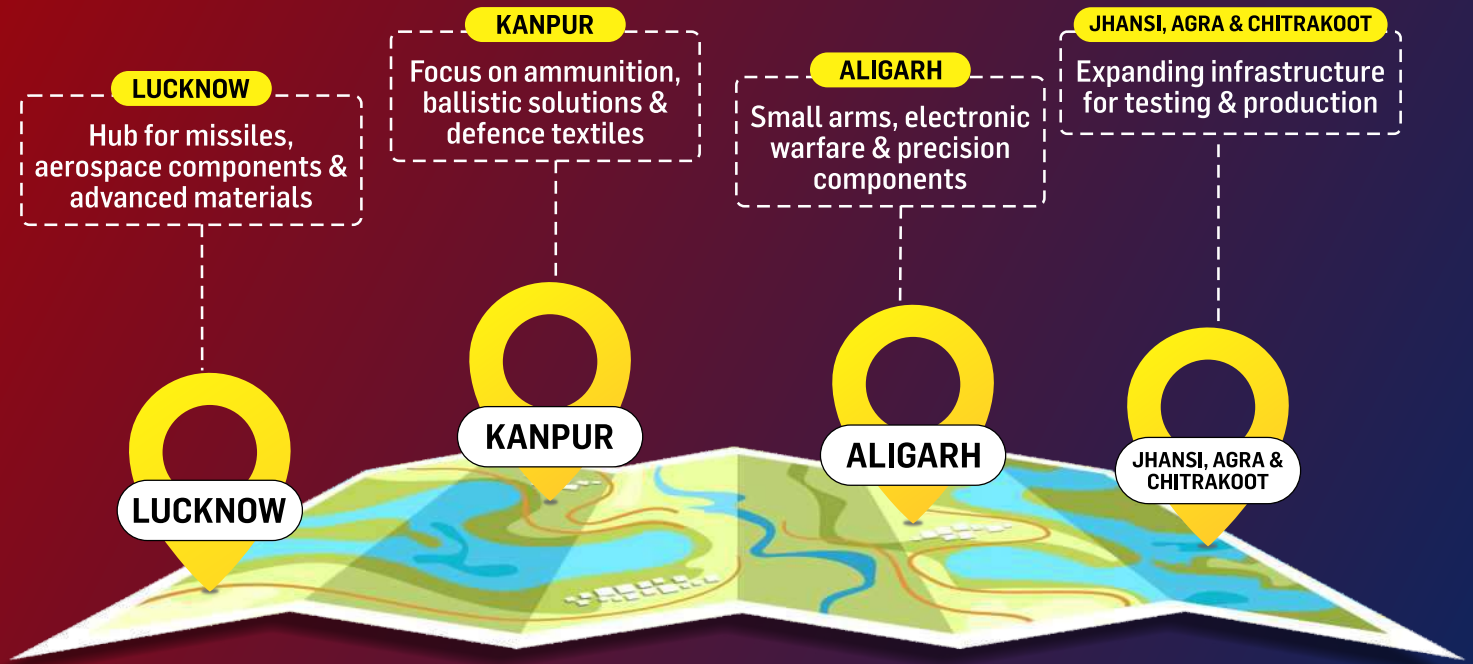

- Plant heads & factory managers
- Production, operations & maintenance heads
- Design, tooling & R&D engineers
- Quality control & inspection professionals
- Purchase & sourcing heads
- OEMs & Tier I / Tier II suppliers
- Distributors, dealers & system integrators
- Automotive & Auto Components
- Aerospace & Defense
- Capital Goods & Heavy Engineering
- Industrial Machinery & Fabrication
- Railways, Power & Energy
- Tool & Die Makers
- OEMs & Component Manufacturers
- Automotive & EV Companies
- Industrial Designers & Engineers
- MSMEs & job work units
- Fabricators & contract manufacturers
- Startups in manufacturing & automation
- Government bodies & trade associations
- R&D institutions & academia
- Industry consultants & solution advisors

Advantage Lucknow

The Uttar Pradesh Defence Industrial Corridor (UP DIC), developed by UPEIDA, is fast emerging as a strategic hub for aerospace, ammunition, and advanced weapon systems. Spanning key nodes like Lucknow, Kanpur, Jhansi, Aligarh, Agra, and Chitrakoot, the corridor brings together leading defence players and a strong MSME ecosystem.

Industry leaders such as Adani Defence Systems, BrahMos Aerospace (DRDO), Aerolloy Technologies, and Amitec Electronics are driving innovation and production across the region supported by a growing network of specialized suppliers and manufacturers.

Key Highlights:

With large-scale investments and policy support, UP DIC offers immense opportunities for metal forming, precision engineering, and component manufacturing making it a key growth driver showcased at **Metal Forming Expo, Machine Tools & Cutting Fair and India Die & Mould Show, Lucknow.**
